INTERNATIONAL BUGATTI MEETING

JUNE 5th - 11th
2011

*D*ear Friends,

It is our great pleasure to invite you to the 2011 International Bugatti Meeting, which will be the first Bugatti event ever to be held in Spain. For this special occasion we have chosen the area of Burgos -- known for its architectural beauty, wonderful cities, and the amazing natural park of Rioja, which extends to the Atlantic ocean. We will drive along deserted roads and taste superb local food and wine.

The rally will give you the opportunity to fully enjoy your drive on these magnificent Spanish roads while enjoying the warm and pleasant climate of the countryside. Spain is an extremely fascinating country with a distinctive character. From our Bugattis we will admire the varied and contrasting landscapes of the area, reflecting the succession of peoples and cultures that have shaped this land.

BURGOS

Burgos, famous for its magnificent cathedral, was the capital of Old Castile in the 10th and 11th centuries and is now the chief town of the province of Burgos as well as the see of an archbishop. It lies on both banks of the Río Arlanzón in the center of the fertile North Castilian plain, below a hill (100m/330ft) which is crowned by the remains of an old castle.

A visitor strolling along the banks of the Arlanzón, where frogs croak in the dense beds of reeds, might imagine himself in the heart of the country rather than the center of a city. The promenades along both sides of the river, with their cafes, offer the chance of relaxation after sightseeing in a city which has so many treasures of art and architecture to see.
